STATINTL

Dear Mr. Spencer:

Reference your correspondence with [REDACTED] of our Cartography Division, we are sending to you under separate cover the reproduction materials you have requested. Also, this acknowledges receipt of your check for sixty dollars (\$60.00) to cover costs.

The shipment will consist of a matte surface cronaflex positive of each separation plate as well as two composite positives of the neatline-border-names plate and coastline-boundary plate. Due to overprinting of names, we are unable to prepare a single composite plate. You can remedy this, of course, by scratching off the lines (or negative opaquing) where the overprints occur.

This Agency has no objection to your Company publishing this map if the American Geographical Society concurs in the fact that it is in the public domain.

Sincerely yours,

STATINTL
